STRAIGHT FORWARD AND FUNCTIONAL SOLUTION FOR PRODUCTION OF ALL TYPE OF TRUSSES

Randek Truss System NT produces roof trusses using robust C-press heads, movable magnetic fixtures on a steel floor. The C-press, suspended from one of the crane systems, can either be motorised or moved by hand from fixture to fixture, pressing all the joints. Optimal press and crane choice is dependant on the conditions of the factory and which nail plates are used.

SWEDISH QUALITY LASTS

Randek are pioneers in creating innovative automation solutions for customers within the prefabricated house manufacturing industry since the 1940s. Today, Randek is one of the world's leading suppliers of high-performance machines, robotic solutions and complete systems with production lines holding several world records in production capacity.

PRODUCTS/SYSTEM

CUT SAWS

Sturdy reliable cut saws delivered to house and roof truss manufacturers all over the world. From manual to fully automated

WALL, FLOOR AND ROOF PRODUCTION LINES

A comprehensive product range with tailor-made systems for prefab manufacturing of walls, floors and ceilings. From manual to fully automated.

ROBOTIC SYSTEM

Randek Robotics develop advanced systems in robotic automation. Delivering efficiency to customers in Europe, China, North and South America since the 1990s.

ROOF TRUSS SYSTEM

Equipment for traditional and effective manufacturing of roof trusses and a revolutionising automated roof truss production system.

BUTTERFLY TABLES

Innovative wall-turning tables. From moderate manual wall-turning tables to advanced with a range of options.
